## From Developer Technical Publications: Hardware and Hypermedia

**isn't time for another draft distribution, so try to get in all your changes now. We would like to have this document available to developers when the product is introduced.**

**To the reviewer:** Please use a contrasting color to mark review comments on your copy of the document. If more than one person reviews your copy, please have the others initial their comments. If you have comments or suggestions, you can either call me (4-6171), or link me (REED5). Return your marked up draft to me at MS 75-5A.
