

DEVELOPER UNIVERSITY TRAINING SCHEDULE

Aug 96 - Dec 96

Developer University (DU) offers a broad range of Mac™ OS and Newton programming instruction through hands-on classes and self-paced training products. Classes are offered in Cupertino and through selected third-party trainers.

Detailed information on Developer University classes and DU Extension sites can be obtained elsewhere in this folder, by contacting the Developer University Registrar at (408) 974-4897, or via e-mail to: devuniv@apple.com

Registration procedures for the classes listed below can be found in the document called **Information and Registration**.
