To-Do Stickies

Thank you for downloading To-Do Stickies! This Read-Me file will attempt to answer commonly asked questions. Feel free to send the developer an email if this does not answer you questions.

Where are my files?
To-Do Stickies automatically saves all open notes for you when you quit. Closing a note will cause that note to be permanently deleted unless you first save a Exported copy or choose to "Save" the note when prompted. When the application is launched your files are automatically read in and displayed. If you wish to save a note for a later time, but do not with it to automatically open when you launch To-Do Stickies, you should Export the file to a different location.

Your files are stored here:
Mac OS X: HomeFolder/Library/Preferences/ToDoStickiesFiles/
Mac OS 9: System Folder/Preferences/ToDoStickiesFiles/
Windows: C:/Documents and Settings/(Your User Name)/Application Data/ToDoStickiesFiles/
