

# TimeSlice Admin

With TimeSlice Admin, you can

## **Enable or disable certain TimeSlice functions**

Prevent TimeSlice users from editing their time or category, client, and project list.

## **Upload a Job file to a remote site**

Maintain one Job file (containing the categories, clients, and projects). Anyone can access the Job file with an Internet connection.

For more information, select Help from the TimeSlice Admin Help menu.

TimeSlice Admin is Free!
