Apple IIe

#1: Overview of the Apple IIe

Revised by: Matt Deatherage
November 1988

Revised by: Cameron Birse
October 1985

This Technical Note formerly presented an overview of the Apple IIe.

This Note formerly presented an overview of the Apple IIe and its differences from the Apple II and II+. The *Apple IIe Technical Reference Manual* now documents this information, as well as differences with other members of the Apple II family.
