#7: Starting and Quitting Interpreter Conventions

Revised by:	Matt	Deatherage
November 1988		
Revised by:	Pete	McDonald
December 1985		

This Technical Note formerly described conventions for a ProDOS application to start and quit.

Section 5.1.5 of the *ProDOS 8 Technical Reference Manual* now documents the conventions a ProDOS application should follow when starting and quitting, which were formerly covered in this Note as well as ProDOS 8 Technical Note #14, Selector and Dispatcher Conventions.
