The Guide menu contains information about using your computer. The items in this menu include:

- About Apple Guide—the item you are reading
- Show Balloons—a description of an item when the pointer is on that item
- Tutorial—training in basic Macintosh skills
- Macintosh Guide—step-by-step instructions for a variety of tasks and other information about your computer and its system software
- Shortcuts—keyboard commands and tips to help you work faster and more efficiently with your Macintosh

You may see other items in the Guide menu as well.
