Note: The above ZIP groupings are available at the HomePage of the		
DataPage Maker -- by Entity Master Systems, Friendswood, Texas.

DPM.ZIP contins both VB Run-Time Executive, the DAO & MS Jet Engine.		

DPM

DPM1.ZIP contains just the VB Run-Time Executive		
DPM2.ZIP assumes you have the above functions and simply contains		
the minimumset of support files,along with DPM.EXE.		
So, once you load the 3MB DPM.ZIP, you only need to reload DPM2.ZIP		
as new release are offered. Plus by doing that you will have the most		
current VB 4.0 Run-Time, DAO 2516, and MS Jet Engine 200.
