

## Introducing Microsoft Internet Explorer 3.0

Internet Explorer 3.0 is the Web browser that puts you a step ahead on the Internet! Now with unique HTML, ActiveX, Java, and Netscape Plug-in support, Internet Explorer provides the best browsing experience and most technically advanced development platform for end users, organizations and content developers. And with innovative Internet conferencing, collaboration, and browser customization, Internet Explorer 3.0 provides the richest feature set of any browser while still offering an easy to use and personalized Internet experience.
