

Q: Where can I find a NeXT users group? What resources are available if I want to start a NeXT users group?

A: At a NeXT User Group meeting, you can meet other NeXT users and developers, exchange ideas and software, see the latest in NeXTstep software development, and provide feedback to NeXT. Other services include technical job postings, newsletters, and electronic distribution of product announcements.

The following is a list of known NeXT users groups as of August 1992. For more information regarding the NeXT User Group nearest you or information on how to start a new NeXT User Group you can email [user\\_groups@NeXT.com](mailto:user_groups@NeXT.com) or call 800-848-NeXT (415-366-0900 outside North America).

The following list is grouped by country.
