

# Top 10 charts

PC Advisor is something of a page turner, but even we can't match the feats of this month's top laser printers (on page 262). With the best models turning out almost 20 pages of text per minute, you're sure to find a high-performance model to meet your needs. Prices start at £180, but if this seems expensive then check out our selection of economical inkjets.

We've also refreshed our Superbudget PC chart. Whether you're taking your first steps into the PC world or are looking to upgrade, page 258 features 10 powerful systems retailing for under £850.

## The Top 10 chart awards

Top-ranking products are eligible for either Best Buy or Recommended awards. A Best Buy product takes the number one spot thanks to a superlative combination of features, performance, value for money and customer service (where we have the data). Those that earn a Recommended are pretenders to the Best Buy crown. Almost as good, they offer great value, quality and performance.

Chart rankings are based on a calculation of features and performance compared to price, so the highest scoring products also represent the best value for money.

## Prices

Our price categories for PCs, notebooks and digital cameras are as follows:

### PCs

Power PCs	over £1,410
Budget PCs	£851-£1,410
Superbudget PCs	sub-£850

### Notebooks

Power notebooks	over £1,200
Budget notebooks	sub-£1,200

### Digital cameras

Professional	over £700
Intermediate	£300-£700
Beginners	sub-£300

All prices printed in PC Advisor are quoted by the manufacturer or distributor and include VAT. Prices are only intended as a guide and you may see products on sale for less or more than our quoted price.

If you're interested in purchasing any of the products reviewed in PC Advisor then please contact the manufacturer or supplier direct, mentioning both the magazine and the issue in which you saw the product.

If it won't supply the product as reviewed, contact us at [reviews@idg.com](mailto:reviews@idg.com). Please note manufacturers are under no obligation to feature reviewed products on their websites.
