79 Technofile: monitors

Should you buy a bulky, but reliable CRT or a slinky, pricey flat-panel? We discuss the merits of both and the technology behind them.

88 Reader's choice: monochrome laser printers

Our new feature sees our Reviews team giving expert on-the-spot advice to readers.

in depth

ON THE COVER

page 146

146 Windows your way

We round up the best utilities available to stabilise your PC and sort out system conflicts. What's more there's over 30 of these utilities free on this month's cover disc.

156 Suite smell of success

There are plenty of alternatives to the bundled office suite that comes with your PC and many of them are well worth consideration. Read on to ensure you are using the best office suite for your needs.

162 Situations vacant

Recruitment is the bane of most managers' jobs, but advertising a job vacancy online can make the whole process quicker, cheaper and easier. Whether you are looking for a job or need to fill a vacancy, we've researched the sites that will help you in your search.

168 United we scan

A flatbed scanner is perhaps the most versatile peripheral you will own, but are you fully utilising it? Using a scanner will enable you to fax documents, file reports and, of course, digitise your photographs.

172 Wire-free networking

Our step-by-step guide to setting up a wireless network will help your office look smarter, tidier and work more efficiently.

ON THE COVER DISC

Scanning made easy

Our digital tutorial will show you additional uses for your scanner, such as using optical character recognition software, page proofing, saving images to file and creating T-shirts using T-Shirt Maker, which is on this month's cover disc.
