WIN!

12 competition

This month's competition is for all you music lovers out there. We've got plenty of prizes up for grabs including a set of powerful speakers from Pure Digital and a brand-new range of music-editing packages from Magix. And for those who live for the summer festivals, there's 10 interactive DVDs that feature footage from Homelands 2002. Turn to page 12 to enter.

88 PC fix-it guide

Your deadline is looming fast but just when you need it most your PC fails you. We look at those irritating computer glitches and provide simple step-by-step solutions in your hour of need.

96 Music encoding guide

It's beneficial to have your entire music collection stored in one place, but with a clogged hard drive you're going to need more storage space if your PC is to keep up. The answer? Compression. We show you the art of compressing your tracks so their sound quality remains as good as the originals.

102 workshops

102 Installing a firewall

With more people getting always-on internet connections, PCs are at far greater risk of attack. We explain the benefits of a protective firewall and run through the best packages available.

108 Money management tips & tricks

The theory's simple: spend more money than you've got coming in and it will inevitably catch up with you. We outline the easy way to manage your cashflow.

114 Get the most out of your webcam

Webcams are associated with face-to-face interaction with friends online. Ever thought about using your webcam as a means of home security? We talk you through the idea.
