

Leisure Suit Larry in "Love For Sail!"

Windows Read Me

This file isn't like your normal README file, with warnings about bugs and stuff. We have none!

On behalf of our entire development team, thanks for trying our demo. I really hope you buy "*Love For Sail!*" I think it's the funniest Larry game yet and I bet you'll think so too. We've been laughing at it for almost a year. Now you can too!

INSTALLATION PROCEDURES

Under Windows 3.x, follow the instructions outlined below:

1. Insert the game CD into your CD-ROM drive.
2. Launch Windows if you haven't already.
3. From Program Manager, pull down the FILE menu and select RUN.
4. In the RUN Window, type "D:\setup" and click OK. (Of course, if your CD-ROM drive is not D:, substitute its letter instead.
5. Follow the on-screen prompts.

Under Windows 95, insert the CD into your drive and enjoy!
