

## **Flash Traffic**

### **Install Instructions**

1. Exit Windows
2. At the DOS prompt, access your CD-ROM drive by typing: D: (if your CD-ROM is "D" drive) and press [ENTER]
3. Type: cd FLASH and press [ENTER]
4. Type: INSTALL and press [ENTER]
5. Follow the on screen instructions
6. Have FUN!!!

Note: The Flash Traffic introduction will loop continuously. But fear not, there is an escape, just hold down CTRL+ALT and press DELETE once. This will not reboot your system, just exit the demo and return you to C:\.
