

<b>Delphi 2.0 Product SKU Matrix</b>	<b>Delphi</b>	<b>Delphi Developer</b>	<b>Delphi C/S Suite</b>
<b><i>Delphi 2.0 for the beginning Win95 and NT Developer</i></b>			
Teach Yourself Delphi 2 in 21 Days by Dan Osier	Y		
Using Delphi with C++ Online Reference	Y		
Visual Basic to Delphi Command Reference	Y		
Online Tutorial (Computer Based Training)	Y		
High performance, 32-bit optimizing native code compiler	Y	Y	Y
Over 90 standard components for rapid application development	Y	Y	Y
Complete component suite of Windows 95 common controls	Y	Y	Y
Data Aware components to build local database applications	Y	Y	Y
Data Modules for centralized data integrity and business rules	Y	Y	Y
Object Oriented, fully extensible component architecture	Y	Y	Y
Visual Inheritance and Form linking	Y	Y	Y
Full Win95 support for OLE automation, and Object Controls (OCX)	Y	Y	Y
True 32-bit development with Win API Support (Multi-threading, Unicode...)	Y	Y	Y
Database Explorer to create and modify tables, aliases and indices	Y	Y	Y
Object Repository to store and reuse objects and forms	Y	Y	Y
Creates reusable DLLs and standalone EXEs	Y	Y	Y
Integrated Development Environment	Y	Y	Y
Object Pascal Reference Manual and User Online Documentation	Y	Y	Y
QuickReports for fast, light native Delphi reports	Y	Y	Y
Includes 16-bit Delphi 1.0 for Windows 3.1 Development	Y	Y	Y
<b><i>Delphi Developer 2.0 for the professional database &amp; network developer</i></b>			
Scaleable Data Dictionary		Y	Y
Multi Object Grid		Y	Y
Over 100 VCL components for rapid application development		Y	Y
32-bit ReportSmith, Delphi's integrated report writer		Y	Y
BDE low-level API support and Help Files		Y	Y
ODBC Support		Y	Y
Single User Local InterBase Server		Y	Y
InstallShield Express for easy installation and deployment		Y	Y
More experts / templates		Y	Y
Winsight32 for monitoring windows messaging		Y	Y
Expanded Open Tools API		Y	Y
Object Pascal Reference Manual and User Printed Documentation		Y	Y
Team Development Interface (Requires Intersolv PVCS)		Y	Y
Visual Component Library Source code and printed reference		Y	Y
<b><i>Delphi Client/Server Suite 2.0 for professional client/server developers</i></b>			
32-bit SQL Links native drivers with unlimited deployment license			Y
SQL Database Explorer to browse and edit server specific meta data			Y
SQL Monitor to assist testing, debugging and performance tuning			Y
2 user InterBase NT License			Y
New 16 bit Sybase System 10 and DB2 Native Drivers			Y
Data Pump Expert for rapid upsizing and application scaling			Y
Integrated Intersolv PVCS Version Control			Y
ReportSmith SQL edition			Y

Visual Query Builder to easily create SQL queries			<b>Y</b>
Cached Updates			<b>Y</b>
Integration with CASE tools			<b>Y</b>
Client/Server Documentation			<b>Y</b>
