Press return to continue.

Pete Antoniak is president of a San Francisco based consulting and
training company which is noted for its ability to teach hi-tech
subjects in a memorable and humorous way. In addition to Templates of
Doom, he has also written two books on computer applications and
specializes in consulting and training for medium and large scale
companies.

He is a Naval Academy graduate, class of '67, has a Masters Degree
in Engineering Management from Stanford University and is a licensed
Professional Engineer. He is also a Naval Reserve Commander, (CEC).

He enjoys jogging, surfing, sailing, whitewater kayaking and hang
gliding, the first four of which He does with his 11 year old son.

If you have a need for Spreadsheet, CAD or Project Management
services. Write   Solar Systems Software   (415) 952-2375
     or call: 8105 Shelter Creek
             San Bruno,CA 94066 -- USA   END

****

   Next we need to name the scorecard. Please type:
    AN EIGHT OR LESS CHARACTER FIRST OR NICK NAME

NOTE:
This will create YOUR Scorecard template. It will be saved with a file
name that is the same as your first name. For example,
if your name is Robert, your scorecard will be saved as ROBERT.
This is important to remember, because if you select FREEZE from the
main menu and leave the game, you must retrieve your named scorecard,
ie. ROBERT, not SCORECRD.
....
            and press:

            RETURN

                                                                    1

                                                                    0

                                                                    0

                                                                    0
                                                                    0
                                                                    0

                                                                    0

THAT'S IT.

You have just completed a short demonstration of Templates of Doom, an
interactive adventure game tutorial. It runs on Lotus 1-2-3 rel. 1a & 2,
VP-planner and the TWIN. The program was designed for solo training
but is also an outstanding supplement to any teaching curriculum.

Site licensing, dealer and volume discounts are available.

The complete program, consisting of 16 Adventure Templates, cost
$39.95 and can be purchased from your local software supplier or directly from us.
from us. We have included an order form on this spreadsheet.

*******Press RETURN and select Order_Form from the menu.*************

If the program stops here, beeps and says that TEMPIN does not exist:
            Please
PRESS ESC   (to clear the error)
and   ALT-M   (to get the menu and score card back.)

****

If the program stops here, beeps, and says that the DISK IS FULL:
You have too many "named" scorecards on the disk. You must erase a
"named" scorecard worksheet file in order to have room for this one.

Press ESC   (to clear the error.)
and   ALT-E   (to start a worksheet erase macro.)
Select a named scorecard file to erase
and Press RETURN.
