~~{Double-Click Here to Install macro}~~

PrintRange

Description:

PrintRange allows you to specify non-consecutive list of page numbers for printing. Page numbers should be separated by commas. You can include a consecutive range of pages within the print list by separating the range with a hyphen.

For example:

© Guy J. Gallo
Distributed as FreeWare for personal use.
All corporate uses require registration (\$25.00) with the author
219 East 69th Street, NYC 10021
