@27 27

A 0

At the Master File Menu, we will add one truck by entering an 'A'. 0

@6 6

After you have selected 'A', the program will show you the 0

next screen. In it, enter 'NBF199' for License Number. 0

Anytime you add a record to the Master File, the program			0
will continue to present one data entry screen after the			0
other. The only way it knows to stop asking for new records			0
is if you leave the Primary ID blank. Conversely, if you fill			0
in every field for one new record EXCEPT Primary ID, the program			0
will ignore that record entirely.			0
-			0
You have the ability to search through the program for any 1st, 2nd,			0
or 3rd ID, as well as by any word or phrase that you had entered			0
into the comments field. This is true of the Master records and the			0
Activity records also. You have an entire menu devoted to this one			0
function: Search Through Service Call Data (option #2, Master File Menu).			0
