>>> Internet Address Book <<<  
-----

Over 13,500 names and addresses for the most interesting and most wanted sites.

Everything you need to go surfing! Shareware - not crippled in any way!

If you like it, let me hear about it!

-----

The contents of this ZIP file are as follows:

INTNET-R.DOC - for printing the address book  
- formatted for Word for Windows v6.0  
- 130 pages in 3 column style  
INTNET.DOC - Tab delimited text file  
- for adding the address book to your dialer  
- 461 pages in single column  
INTNET.TXT - standard text file as above  
- 461 pages in single column  
README - hmmmmm.... this file I bet!

-----

As you can see I have spent just a few hours compiling this listing and would like to hear what you think of my work.

If you really like it and use the listing, a little something (like \$10.00) would really be appreciated.

Just to say 'Thanks' for sending me a \$10.00 donation I will send you another 10,000 plus names and addresses on disk (only 3.5" 1.44m format) by return mail.

Send your name and address and \$10.00 to:

Craig Dean  
1232 Kos Blvd.  
Mississauga, Ontario  
L5J 4L7  
Canada

Come on gang, \$10.00 isn't much and there's a hungry computer person depending on you!
