

Europe, the World's Number One Vacation Choice

Of all the vacation choices in the world, none holds such magnetic attraction and compelling fascination as Europe.

There's something for everyone. Whether it's the rich and colorful mix of language and religion or its widely differing cultures and customs. Europe is the center of music and the arts, birthplace of Michelangelo, Picasso, Beethoven, Mozart and Shakespeare. It's a kaleidoscope of centuries-old history and tradition, alive and beckoning at every turn. And there's always a friendly welcome to visitors from around the world, many of whom can trace their origins back there.

Europe is unique scenery, as diverse as it is breathtaking. Spectacular fjords, soaring mountain peaks, mighty rivers and tranquil lakes. There are forests and vineyards, sweeping plains and undulating hills, quaint medieval villages and vibrant cities like London, Paris, Rome and Amsterdam. From north to south, east to west, from Lapland to the Greek Islands, Europe is anything and everything you want it to be, and more!
