

Accessory Mate

Version 1.0

Copyright (c) 1991, Stephen Militscher

GENERAL: Accessory Mate is a program that allows you to have instant access to all of the Microsoft Windows programs that were shipped with Windows. You can now Launch these programs from a single Icon, instead of a slew of Icons cluttering and hogging your Valuable Desktop space... besides it's alot easier to find the program from a single Icon, rather than hunting through the slew that Windows came with.

INSTALLATION: Copy the ACCMATE.exe and the VBRUN100.dll files into your windows directory. Load windows and add the ACCMATE.exe program to a group.

REQUIREMENTS: Microsoft Windows running on an 80286 or higher PC in Standard or Enhanced mode.

SHAREWARE: Accessory Mate is a Shareware Product Licensed for distribution by Mini-Tech Systems. Anyone who uses this product must send \$5.00 (U.S. Funds) to Mini-Tech Systems to register the program. Registration entitles the user to run Accessory Mate on a single computer. Anyone wishing to use the program on more than one computer must register the program for use on each computer. Failure to register this product can result in criminal prosecution under U.S. and International Copyright Laws.

REGISTRATION: To register Accessory Mate, send \$5.00 (U.S. Funds) to

Mini-Tech Systems

The Orchard #112J

Cranbury, N.J. 08512 (U.S.A.)

Be sure to Include your name and address along with the Version Number (1.0) for Accessory Mate.

Feel free to pass Accessory Mate on to a friend!
When doing so however, you must include All Files contained in the Accessory Mate package in an unmodified form.
