Commands

Procedures

I Ching Keys

Use the following keys in I Ching:

Key(s)	Function
Ctrl+Insert	Copies current hexagram into the Clipboard

File Menu Commands

Setup Printer

Allows you to change the configuration of the currently selected printer.

Print

Prints the current hexagram on the currently selected printer.

Exit

Quits the I Ching program.

Edit Menu Commands

Copy

Copies the current hexagram into the Clipboard.   After a hexagram has been copied into the Clipboard, it can be pasted into another program (for example, a word processor or paint program).

Hexagram Menu Commands

Select Hexagram

Allows you to select a hexagram.   Once a hexagram has been chosen, it is displayed on the computer screen and can be printed or pasted into another program.

Copying a Hexagram into Another Program

Selecting a Hexagram

To select a hexagram, choose Select Hexagram from the Hexagram menu.   Then select a hexagram from the list or press the Random button to select a hexagram randomly.

Printing a Hexagram

Once a hexagram has been selected, it can be printed on the currently selected printer.   To print the current hexagram, choose Print from the File menu.

Copying a Hexagram into Another Program

Once a hexagram has been selected, it can be copied into another program as follows:

1.   Press Ctrl+Insert or choose Copy from the Edit menu.

2.   Go to the program in which you want a copy of the hexagram.

3.   Select Paste from the Edit menu

The hexagram will now be copied into the program, provided that program can copy bitmapped images from the Clipboard.
