All Documents

Format New Documents For:
This popup menu let's you specify whether new documents will default to the NCSA format or the CERN format (see help for a description of these formats).

This Document

Format This Document For:
This popup menu let's you change the active document's format to NCSA or CERN (see help for a description of these formats).

Draw Circles from Center
Check this box if you want circles to draw from their center (the original point you clicked, then dragged from), instead of drawing from the top, left.

Edit URL when a Marker is Created
Check this box if you want the "Edit URL" dialog to pop up immediately after a marker is created.
