

Thank you in advance for trying out SndControl.

I really do hope you'll like it enough to keep it in your System Folder (and buy a licence for it). If you have any problems with it, I would greatly appreciate your taking the time to send me a bug report, rather than immediately giving up on it. I would also appreciate any suggestions for improvement you might make.

By preference you should contact me via EMail on Compuserve 72277,1344.

I also have accounts on AppleLink:BEL0128 and America Online: REttore but I don't check them as often.

If you really must, then call me on +322.7679217 at reasonable times (never after 9 PM CET which is 8 PM GMT or 3 PM EST or midday in San Francisco,CA).
