

How to Register

To register Take Note, send \$15 (California residents add \$1.24 tax) to the following address.

Vik Rubenfeld
President
RRA
128 14th Street Ste. B
Manhattan Beach CA 90266

A Registration Form is included with this document for your convenience.

You will be sent a password that will indicate to Take Note that you are a registered user, and it will then bypass the startup screen.

The About Box and the Shareware Delay

In accordance with the guidelines of the Association of Shareware Professionals, the shareware version of Take Note presents you with a Registration Reminder screen twice each time it is run, once at startup and once at shutdown. The shutdown reminder screen is accompanied by a 3-second delay. After you register, these reminder screens will not appear, and there will be no 3-second shareware delay.

Please support shareware- it enriches the Mac environment for all of us. Thank you!
