TrueForm and System 7

INSTALLATION

Installation for TrueForm with System 7.0 is the same as with earlier versions of the System software.

ISSUES

- TrueForm quits when the StyleWriter PageSetup is changed.

Solution: Printing is possible from TrueForm when using the StyleWriter, it is just not possible to change any of the PageSetup options. TrueForm will not be revised to fix this problem.

- The Find dialog box in TrueForm Fill-Out does not allow you to enter search criteria.

Solution: You may search your stack by clicking on the Details... button and entering the criteria. TrueForm will not be revised to fix this problem.
