## Installing Helvetica<sup>®</sup>-Narrow from Type On Call™

---

### USING HELVETICA-NARROW IN DOS APPLICATIONS

Users with PostScript™ printers containing the 13 resident base fonts can install the Helvetica-Narrow font from the Adobe Type Manager™ software to use in WordPerfect® for DOS (5.0 and 5.1), Ventura Publisher®/GEM (2.0 and 3.0), and Word for DOS (5.0 and 5.5). To do this, get a blank formatted disk and a copy of the Adobe Type Library Installer program on floppy disk. The Adobe Installer program is included with all Adobe Type Library font packages.

#### Installing Helvetica-Narrow

1 Format a disk.

2 By using the following command, copy the Helvetica-Narrow font files from the PSFONTS directory on your CD-ROM to the floppy disk you just created:

```
COPY X:\ATM25\PSFONTS\HVN*.PFB A:\
```

where X is the CD-ROM drive and A is the floppy disk drive.

3 Copy the Helvetica-Narrow font files from the AFM\_INF directory to the floppy disk by using this command:

```
COPY X:\ATM25\AFM_INF\HVN*.* A:\
```

where X is the CD-ROM drive and A is the floppy disk drive.

4 Create a configuration file using a text editor such as Windows™ notepad or the DOS Editor. The name of the file will be INSTALL.CFG, and it should be on the floppy disk drive with the Helvetica-Narrow font files. The text of the file is as follows:

**Note:** Use only one of the DISKSIZE lines shown below. If you are using a 5.25-inch floppy disk, then use the DISKSIZE 1185 line. If you are using a 3.5-inch floppydisk, then use the DISKSIZE 713 line.

#### Sample:

```
DISKSIZE 713  
DISKSIZE 1185  
FILE INSTALL.CFG 1
```

---

```
FONT Helvetica-Narrow HVN__ 1 1 0 0 0 1
FONT Helvetica-Narrow-Oblique HVNO_ 1 1 0 0 0 1
FONT Helvetica-Narrow-Bold HVNB_ 1 1 0 0 0 1
FONT Helvetica-Narrow-BoldOblique HVNBO 1 1 0 0 0 1
```

```
DISKNAME 1 'Font Disk'
```

```
PKGNAME Helvetica-Narrow
```

**Note:** *The font name has a five-character abbreviation, and Adobe uses underscores (shift+minus) to make the name five characters.*

5 Install the font using the DOS installation instructions provided in your user manual.
