Adobe™ TypeSet™ Value Pack

Macintosh® Version
and Windows™
& OS/2® Version

A versatile, inexpensive type collection

The Adobe Type Set Value Pack contains 30 popular, scalable typefaces for documents of all kinds. If you're working with type for the first time, this package gives you a simple, cost-eVective way to get started – and a typeface selection that even the experts will want to have on hand.

The Best Type and the Best Buy

Never before has it been so economical to look so good. In this one box, you'll find some of Adobe's most beautiful, versatile typefaces. They would cost hundreds of dollars more if you bought them individually.

Every one of the typefaces is in the Type 1 digital format, the worldwide industry standard. So you know they'll perform as promised, with all your applications and printers. The package even includes award-winning Adobe Type Manager™ software, the easy-to-use utility that gives you smooth, crisp text at any point size, on-screen and on paper.
