... to the Adobe™ Acrobat™ 2.0 CD Sampler. Now you can “Realize All the Benefits of Paper Without the Chase™” by venturing into the contents of this CD. It’s your first step toward becoming an Adobe Acrobat software user.

This disc contains periodicals and books from around the world—thousands of pages compactly stored in Adobe’s Portable Document Format (PDF).

Acrobat is a dynamic product. It can be used for virtually any application where

information is important. From print-on-demand applications to the archiving of records, Adobe Acrobat not only allows you to store data more inexpensively than paper, but also keeps your data “alive,” allowing you to search and view vast amounts of information very quickly.

On this CD-ROM you will find several methods for accessing information. If you purchased an Acrobat 2.0 product, you can use our new cross-document search capabilities. These features will allow you to

search for words, phrases, keywords, authors, subjects, and titles as fast as your CD-ROM can spin.

Certain collections of files on this CD-ROM include their own indexes, such as the *Complete Works of William Shakespeare*, *The King James Bible*, and the *Adobe Customer Services Technical Notes Collection*. If you have a use for the files, you may want to copy them directly to your hard drive. You can find out more about search by reading the documentation

provided with your product.

If you recieved this CD-ROM as a stand-alone package, you will not have access to search. You may obtain the search feature by “upgrading” to Acrobat 2.0, Acrobat Pro or Acrobat for Workgroups. Information about upgrading is provided in the **Adobe Acrobat Upgrade Coupon**.

The Adobe Acrobat 2.0 Reader provided on this CD-ROM is yours to distribute freely to any Macintosh®

or Windows™ user (see the [READTERM.PDF](#) file to find out how to distribute UNIX® or DOS Acrobat Reader software).

With Acrobat Reader, anyone can view and print any PDF file that comes along. Acrobat Reader 2.0 users can access all the links, bookmarks and other built-in navigational features that will allow them to move beyond the limitations of paper.

We invite you to share this exciting new world of

information with friends and colleagues.

Why not get started now? Let the adventure unfold: click the tabs in the margins to view files in a given subject area, and then click on red text to view the file.

### **Thomas-Bradley Illustration & Design and Adobe Illustrator for Macintosh**

Tom Neal admits he's been a car buff for a long time. "I was always drawing cars in high school," he says. "It's likely I would have ended up doing something related to cars, but if it weren't for Adobe Illustrator, I probably wouldn't be in this line of work."

## Adobe Customer Spotlights

### **Buck & Pulleyn, Inc. and Adobe™ Acrobat™**

According to Cathy Rubio Hines of Buck & Pulleyn, the results of the new electronic process using Acrobat are “phenomenal.” Working with Kodak, the agency completed two full-color sell sheets and achieved its 50 percent time-reduction goal. “Even though we are still in the pilot phase,” says Hines, “we have met our time-savings goal and are working for the rest of this year to track our complete cost savings.”

## Adobe Customer Spotlights

### **Capps Studio Ltd. and Adobe Acrobat**

“We used to spend two days making one change to an ad,” says Chris Miller of Capps Studio. “With Adobe Acrobat, we can make two changes in one day. Acrobat allows us to provide a faster time to market, and this can give our clients a competitive edge.”

## Adobe Customer Spotlights

### **First Call Corporation and Adobe™ Acrobat™**

“First Call *Research Direct* and Adobe Acrobat give money managers the research they want, when they want it, in a way they can use it,” says Carolyn Mattimore, Vice President of Marketing and Product Development for First Call.

### **Virginia Polytechnic Institute and State University, and Adobe Acrobat**

## Adobe Customer Spotlights

Adobe Acrobat reduces higher education costs and helps chemical engineering students learn leading-edge computer skills.

## Adobe Acrobat and Lotus Notes®

Adobe Acrobat software enables Lotus Notes users to easily share documents authored in any application, while retaining the distinctive visual appearance of each document. Adobe Acrobat software will support Lotus Notes to enhance searching, viewing, modifying and printing documents distributed in PDF.

Adobe Acrobat 2.0 for Windows is integrated into Lotus Notes through OLE 2.0 and Notes/FX (Field Exchange).

This provides the following advantages:

- A document from any application can be distributed as a PDF file, which retains all the rich visual characteristics of the original document.
- All of the text in a PDF file will be included in the Notes full text index, so users can search for keywords within documents.
- Information that describes a PDF file, such as title, author and subject, will be stored automatically in the Notes database by using Notes/FX.

## Lotus Notes Cont...

This means users can view documents by title, author and so on.

- Users will be able to annotate documents, to facilitate review and collaborative processes.
- The *Acrobat Sales Reference* Lotus Notes template demonstrates how to use

Acrobat with Lotus Notes.

The template demonstrates how to design a notes database so that it integrates smoothly with Adobe Acrobat.
