Limited Distribution License

As the exclusive copyright holder for the TommySoftware® Tek Illustrator, the local TommySoftware® partner authorizes distribution only in accordance with the following restrictions.

ASP Approved Vendors in good standing are hereby given permission to distribute the shareware edition of the TommySoftware® Tek Illustrator by means of catalog, or BBS. Any other form of commercial distribution by anyone requires prior permission.

Non-ASP member vendors must request permission prior to distributing this package.

The TommySoftware® Tek Illustrator package is defined as containing all the material listed in the PACKING.WRI text file. If any files listed in the PACKING.WRI text file, or the PACKING.WRI file itself, are missing, then the package is not complete and distribution is forbidden. Please contact us to obtain a complete package suitable for distribution.

The TommySoftware® Tek Illustrator package - including all related program files and documentation files - *cannot* be modified in any way and must be distributed as a complete package, without exception. The PACKING.WRI text file contains a list of all files that are part of the TommySoftware® Tek Illustrator package.

(Small additions to the package, such as the introductory or installation batch files used by many shareware disk vendors, are acceptable as long as the final installation of the TommySoftware® Tek Illustrator is still performed by means of the original program INSTALL.EXE.)

No price or other compensation may be charged for the TommySoftware® Tek Illustrator package. A distribution fee may be charged for the cost of the diskette, shipping and handling, as long as the total (per disk) does not exceed US\$ 10.00 in the U.S. and Canada, or US\$ 12.00 internationally.

The connection fee per hour must not exceed US\$ 9 per hour. This provider of electronic means of distribution must not charge the customer any additional fee for downloads of this software. This explicitly includes all kind of handling/transmission etc. fee. This provider also agrees that he/she entitles TommySoftware®, North America, Inc, a New York based company, to damages twenty times the amount he charges any single customer. This includes in a court suit the income the provider generates through charging the connection time and the additional fees/charges.

By allowing the upload of this software and posting it on its service, the provider also agrees that all possible former contracts between him/her and TommySoftware®, North America, Inc. or TommySoftware® Germany, Thomas Maier, will not apply to this product. In other words: he/she agrees that all possible rights he/she might deduce from former contracts will not apply to this product. By posting the upload, the service provider will agree with these terms. This service provider will also agree that this license agreement is governed by the laws of the state of New York. Other possible rights of TommySoftware® will not be affected by these terms.
