

### **RESTART V3.0**

A Windows-based program that displays an Icon at the bottom of the Windows Desktop screen. The Icon displays a menu by single or double clicking it. The menu allows easy access to Restarting Windows, Exiting Windows, and ReBooting the System.

Each selection automatically tries to 'Terminate' any DOS applications running under Window, and then forces Windows to exit gracefully. The program has an options dialog that allows the user to configure the action of the right-mouse button.

The program can also be passed an argument, that will automatically invoke one of the ReStart options. Arguments are:

'R' - ReStart Windows

'B' - ReBoot System

'X' - Exit Windows

Specifically developed for software developers and power users.

### **RESOURCE V2.5**

A Windows-based resource monitor. Both visual (graphical) and character displays of the current available systems resources. Resource's that are monitored include GDI Memory percentage, User Memory percentage, and Global Heap Memory. The graphic display of the Global Heap Memory reflects the percentage of the largest continuous memory block available for allocation.

The program includes an options dialog, allowing for user control over position, and memory check interval.

Specifically developed for software developers and power users.

### **INIMAN V1.1**

A Windows INI (Initialization) File editor. This program allow easy selection of an INI file for viewing or editing. Seperate list boxes display the sections and entries for the selected file. A full featured help window describes each element of the INI selected. Read Only and Auto Backup modes are user configured.

### **TASK V2.0**

A windows-based program that can replace the Windows Task Manager. This program features a configurable program launcher. The launcher can be configured to launch up to ten different programs from the click of a button. The registered version does not display the startup logo when first executed.

There are two ways to configure this program. The first is to place the program

in the windows directory, overwriting the original task manager. The second is to create a line in the boot section of SYSTEM.INI:

```
[boot]  
taskman.exe=c:\taskman\taskman.exe
```

### **SYSTEM REQUIREMENTS**

Hardware: 286 or 386 PC with at least 2 megabyte of RAM, VGA or better.  
Software: Microsoft Windows 3.1 or higher.

### **COMMERCIAL DISTRIBUTION LICENSE AGREEMENT**

Information concerning non-commercial distribution (distribution is non-commercial if it is for free, or by a hobby, user or computer interest group to its members, or by any BBS) can be found in the help file and the README.TXT file. The terms below outline requirements for commercial distribution. By "commercial distribution" or "commercially distribute" we mean to distribute for gain (such as, but not limited to, via traditional shareware catalogs, trade shows, or rack vending). This file will inform the potential commercial distributor as to whether or not they have been automatically granted such a license for their type of distribution (if not, special written authorization is required).

Other important information is also presented.

This is an agreement between you (either an individual or an entity) and Softstar Research, Inc. By commercially distributing copies of the shareware evaluation version of Softstar Research, Inc. Windows Tools, you are agreeing to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, you may not distribute the shareware evaluation version of Softstar Research, Inc. Windows Tools.

## **1) COPYRIGHT:**

The shareware evaluation version of Softstar Research, Inc. Windows Tools (hereafter, "the SOFTWARE") is Copyright (c) 1993 by Softstar Research, Inc. and is protected by United States copyright laws and international treaty provisions. Softstar Research, Inc., as exclusive publisher, is an authorized representative of the copyright holder. Except to the extent expressly licensed, the copyright holder has and reserves the exclusive copyright and other right, title, and interest to copy and distribute this software, and the right to use the Trademark Softstar Research, Inc. Windows Tools in connection with it.

## **2) DISTRIBUTION VIA CATALOGS:**

Catalog vendors are automatically granted a license to distribute the SOFTWARE via their catalog for a fee provided they agree to abide by the following terms:

- a) A copy of the first catalog or listing advertising the distribution of the SOFTWARE will be sent to Softstar Research, Inc.
- b) The catalog or listing must contain a statement to the effect that the SOFTWARE is not free, and that additional payment to the author/publisher is required after a stated evaluation period. (The standard statement required by the Association of Shareware Professionals is sufficient.)
- c) Updated versions of the SOFTWARE sent to the distributor will be reflected in what is distributed and advertised in the catalog or listing as soon as possible.
- d) Problems or complaints about the SOFTWARE will be reported to Softstar Research, Inc.

## **3) ALL OTHER TYPES OF DISTRIBUTION (RACKS, CD-ROM, etc.):**

Distribution of the SOFTWARE using any other method (for example: via rack vending methods, sale in a retail store, sale at a trade show, CD-ROM compilation, as part of some more inclusive product or service, rental or lease) requires special written authorization from Softstar Research, Inc. which may be subject to special licensing terms. No vendor, individual, group, or entity has a license to distribute the SOFTWARE using any other method without special written authorization from Softstar Research, Inc. (NOTE: "as part of some more inclusive product or service" does not refer to distribution via any type of BBS or the practice by certain catalog vendors of offering several programs on a single diskette or in a set of multiple diskettes.)

## **4) MODIFICATIONS:**

The SOFTWARE package may not be abridged or otherwise modified in any way. (NOTE: This does not refer to the addition of installation, informational, or advertising files by catalog vendors.)

## **5) REVOCATION OF LICENSE:**

The license to distribute the SOFTWARE can be revoked from any vendor, individual, group, or entity at any time for any reason on 90 days advance written notice.

## **6) DAMAGES:**

Distribution of the SOFTWARE without a license to do so is explicitly prohibited. Liquidated damages for unauthorized distribution shall not be less than \$10.00 (in US. funds) for each individual copy of the SOFTWARE that is sold or transferred by the vendor, individual, group, or entity without a license to do so.

7) THIS PACKAGE (CONSISTING OF THE Softstar Research, Inc. Windows Tools AND ASSOCIATED FILES AND DOCUMENTATION) IS PROVIDED **"AS IS"** WITHOUT REPRESENTATION OR WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY REPRESENTATIONS OR ENDORSEMENTS REGARDING THE USE OF, THE RESULTS OF, OR PERFORMANCE OF; ITS APPROPRIATENESS, ACCURACY, RELIABILITY, OR CURRENTNESS. THE ENTIRE RISK AS TO THE USE OF THIS PACKAGE IS ASSUMED BY THE USER. IN NO EVENT WILL SOFTSTAR RESEARCH, INC. BE LIABLE FOR ANY DAMAGES, DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL, RESULTING FROM ANY DEFECT IN THE PACKAGE, EVEN IF SOFTSTAR RESEARCH, INC. SOFTWARE HAS BEEN

ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ANY AND ALL USE OF THIS PACKAGE, FOR ANY PURPOSE, WITH NO REGARD TO THE LEGALITY OF SUCH USE OR PURPOSE, IS THE COMPLETE AND SOLE RESPONSIBILITY OF THE USER.

Some states do not allow disclaimers of implied warranties or the exclusion of consequential damages, so the above disclaimers and exclusions may not apply to you.

**8) GOVERNING LAW:**

This agreement is governed by the laws of the State of Michigan. Should any parts or parts of this agreement be deemed unlawful, the remainder shall to continue to apply.
