

## Framed 1

A new powerful set of 100 frames for Photo/Graphic Edges<sup>TM</sup> /PhotoFrame<sup>TM</sup> as well as any app that accepts JPGs .

The frames are all royalty-free so you are free to use them in any of your designs and artwork.

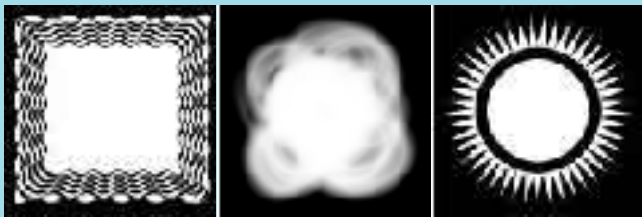

Perfect for enhancing your image, giving a dramatic twist to any picture, or a subtle touch to your creation.

100 frames in a range of different styles. There are sharp edged frames for intense cutting images, dotted overlays, warped frames, star burst frames, cross frames, flower frames, opart frames, fuzzy frames, airbrushed frames, curly edges, galactic edges, and more - a wide variety of different frames to choose from.

Combined with the power of the latest versions of frame plugins, it is possible to create amazing frame effects to overlay any picture.

Comes with a small manual with catalog info and information concerning other Sapphire products.

Sapphire have also two other volumes of frames available for ESD, these are the star edges and cog edges. Our frames have appeared on many other products as well as on cover CDs. We also have a edges CD collection that contains a wide selection of colourful frames.
