Print: Sharing Your Work

You have several options for printing your landscape design. Click on a button in the screen for the option desired.

Print Top View

- The Top View gives you a 'schematic' view of your design.
- When printing on a black and white printer, check the Hide Area Fills option.

Print 3D View

- Prints exactly what is shown in 3D View.
- Set your vantage point in the 3D View window before choosing this option.

Print Shopping List

- Prints a list you can take shopping for landscaping materials.
