

Friends,

Gatewood Galbraith ran in the 1991 Democratic Primary with a fraction of the budget of any one of the other candidates', yet he still pulled in 5% of the total votes (more than 25,000 votes). With an early start, and your help, he will definitely win in 1995! We are asking for anonymous donations of not more than \$100 per individual. We are asking people to register, and register their friends. Registration forms may be picked up at any courthouse, then mailed back to the courthouse in the proper county. Voters must register Democrat. There are enough marijuana smokers in Kentucky to win if we start early and raise enough money over the next four years. There are only two choices -- 1) higher marijuana prices, continued pollution, increased government intrusion into privacies, corruption, worsening Kentucky economy, and many other terrible things!  
or

2) Gatewood Galbraith.

Gatewood is a qualified Lexington attorney and willing to stand up for our rights and represent us in government. It would be foolish not to take advantage of his offer.

Please make a check or money order out to:
