ClarisWorks 3 for Macintosh: Visual QuickStart Guide
Adam Greif

The secret of the popularity of Peachpit's bestselling Visual QuickStart Guide (over 800,000 copies now in print) is that each book provides exactly what the title implies: a fast, simple way to get up and running with a new program. The books use a format in which illustrations predominate, with text playing a supportive role. Once you have learned a program, you can continue to use a Visual QuickStart Guide as an easy reference on particular functions and features.

ClarisWorks Black Mouse Series
Adam Greif
Covers simple word processing text documents, and progresses to incorporate graphics and spreadsheets. Although the other two modules are separate, the book shows how text and database documents can be linked through the process of mail merge. Although this book now refers to the original edition of ClarisWorks it is still appropriate for quick reference to most areas of the program and may be purchased for school use at £2.50 for multiple copies.

Quay2 Interactive Desktop Training on CD-ROM

FREE with every order Quay2 Interactive Desktop Training on CD-ROM

ClarisWorks 3
FileMaker Pro 2.1

Each disk contains over 6 hours of intensive tuition in the form of screen movies from an experienced instructor talking you through every step of the program. We recommend this resource for any organisation that needs to train several people in FileMaker Pro or ClarisWorks. The CD-Rom approach combines the best in multimedia, and training skills. You can continue to use the disk, which is well indexed with a search facility, for reference purposes, and it is easy to test users on the lessons that have been covered. This is today's approach to learning a program; better than any video, and far more cost effective than a training course.
Each disk is £99.00 ex VAT
Price inclusive of VAT & carriage is £116.32
