

## Tel-Me Enquiry Charges

This section of the Tel-Me help lists the current prices for Tel-Me product usage.

The charges will be listed on your account and billed monthly in arrears.

All prices exclude Value Added Tax.

You will be notified of any changes to these charges should they arise.

### **Telephone Costs**

For each Tel-Me transaction telephone charges are incurred for the short period that users are on-line. These charges are small and normally within one charge unit. These charges are payable to your telephone service supplier, e.g. BT, Mercury Communications.
