Short instructions

1. Please Choose File/New from the menu.
2. Choose Options/Number of players from the menu. Please enter the number of players and their names.
3. Move the ball onto the white starting pad with the mouse. Press the left mouse button to put the ball on your favorite starting place within the pad.
4. Now using the mouse you can control the direction and the power of the stroke. The distance between the ball and the mouse pointer determines how powerful your stroke will be.
5. To hit the ball press the left mouse-button.
6. When the balls stops again please continue with the points 4 and 5 until you met the hole or have reached the maximal number of hits.

Rules

The aim of this game is to get the ball into the hole with as few strokes as possible.

In each level you can hit the ball six times. If you still didn't make it with the sixth stroke you will be punished with a seventh extra hit in the points list.

Alltogether there are 18 holes.

The player needing the least strokes to get across the course is winner.

Registration

By registering you get the following advantages:

1. You can play all 18 holes instead of the only six shareware version holes.
2. You will not be bothered by shareware reminders anymore.
3. You are helping to let this product be developed further and more new levels to be created. Even though we still know many features of this program which could be enhanced a lot we had to publish it like this because developing software needs lots of financial resources and we were short of them.

If enough people register this program we will not hesitate to spend more money into developing it.

We believe in the principle of shareware: **Let the people try before they buy.**

The price for the **keycode** to turn this shareware version into the registered fully playable version (**no disks are needed or to be send**) is 25 US \$ or a corresponding amount in **any freely convertible currency** (look for national prices below or in the file REGISTER.WRI).

You can pay with any normal national bank cheque or an international money order. Please try to avoid sending cash money.

Members of **Compuserve** can register via their Compuserve account (GO SWREG) where TZ-Minigolf for Windows V1.0 is listed as # 6175

File

New

Stops the current game and starts a new one.

Quit

Stops the program.

Options

Sounds

Turns the sounds off or on.

Music

Turns music off or on.

Number of players

A dialogue window will appear to let you enter the number and the names of the players. You can not change the number of players while a game is still in progress.

Points

Shows the current number of strokes done by each player, listing the strokes needed for each hole and the sum of them.

Highscore

Displays the highscorelist (the 10 best players). It will be shown after each game. If a player made it into the hall of fames his name will be entered automatically. Names can only be entered in the registered version as ofcourse it takes less strokes to play the six shareware holes than all 18 full version holes.

Expert

Normally a line will be shown when you aim your stroke. If you activate the expert mode this line will disappear.

Retry

Lets you play the same hole again. The strokes you have needed in the last try will be erased.

Help

Help
