

Thank you for supporting Shareware and registering GOLDMINE SLOTS. Like most shareware authors, I put a lot of time and energy into my software and it means a lot to me that people like you take the trouble to pay when they don't have to. When I receive your registration I'll send you the latest version with all features enabled, plus free updates as they occur. Please fill in the boxes, then save the file for your own records, print it and mail it with your payment to:

Pete Hand
637 Greencove Terrace #138
Altamonte Springs, FL 32714
USA

This address is correct as of 5/1/97 but software has a long life, and people move, so if in doubt, verify my address by internet e-mail at petespw@juno.com.

Your Name: _____
Your Postal Address: _____
Your City, State, ZIP: _____
Your Country: _____
E-mail address: _____ @ _____

Where did you get this program? _____

If you don't use this form, don't forget to tell me you have **VERSION 2.10**

How do you want your registration key delivered? (check one)

- ☐ By mail on 3.5 inch disk
- ☐ By mail on 5.25 inch disk
- ☐ By Internet e-mail (quickest way, but you must have an e-mail address)

Registering Goldmine Slots costs \$20. I'm happy to accept cash, or you can send a money order or a personal check (US customers only). Customers outside the USA may send a US \$20 bill, an international money order for US \$20, or a British 10 Pound Note. Or you can send me the equivalent in local currency (no coins) as long as it's convertible. Check the financial pages in your local paper for the current foreign exchange rate. I can't take checks (or even cheques) drawn on foreign banks or currencies other than US Dollars, as it would cost me \$20 to cash them. Delivery by Internet E-mail is particularly handy if you live outside the USA, as it's very quick and avoids bureaucracy.

I wish to pay by (check one)

- ☐ Cash (US \$20 bill or UK £10 note)
- ☐ Money Order for US \$20
- ☐ Personal check for \$20, drawn on US bank in US Dollars

Thank you. Please print the completed form and enclose it with your payment.
