# ABC SHOW-N-TELL

---

for windows  
Compuserve SWREG ID # 8911

**ABC SHOW-N-TELL** a super-fun and easy-to-use educational program provides children with hours of amusement. Early reading and spelling, combined with words, spoken words and pictures in a fun setting will charm students both young and older. Designed for preschool to grade 4 while helpful for ESL students.

Windows, Sound and mouse needed

**ABC SHOW-N-TELL** consists of just under 100 pictures and associated words. You are asked to find the picture that matches the question asked. If you are unsure of the answer (picture), rest the mouse over the picture and a word associated to that picture will appear. Match the word to the written picture, click on the picture answer question.

**ABC SHOW-N-TELL** does not reward the user by points or prizes. there is no wrong answer but more a correct match of picture to question. The user learns how to identify objects by ask a verbal question and encouraging reading with the written question and answers.

Be sure to check out many of Nissen Ventures Educational Programs
