The Delphi Magazine Back Issues

Now you can make sure you don't miss a thing!

Since April 1995, The Delphi Magazine has been publishing what we believe to be some of the very best technical information available to Delphi developers. If didn't get in at the start, your treasured collection of the magazine might be missing some issues, so order those back issues today!

We have all magazines from Issue 2 onwards (some are running low), complete with their free companion disks (see below about Issue 1). Issue contents are summarised here. Each issue also includes *The Delphi Clinic*, *Tips & Tricks* and *News*. To order, just complete the form on the opposite page and send it to us by fax or post, or send us a CompuServe email message (to 70630,717) with the information requested.

You can also check our Web site for Adobe Acrobat versions of the Contents pages from each back issue, which provides more detailed information than given here:
