NEWBUILD WINDOWS & DOORS

All our ready-made WINDOWS and DOORS use a 5 chamber system in white PVCu, externally beaded. All windows are fully welded using sculptured profiles and offer night vent facility.

All products comply with Document Part L

Kitemarked BS 1279/2 24mm (4-16-4) low 'E' glazed units are fitted using security tape and sculptured beads.

Espagnolette locking as standard on windows and reinforced to manufacturers specification.

We offer an option of cill depths (103mm, 150mm & 180mm) incorporating rebate for immediate window board compatibility, handle colour (white, gold & chrome) and on selected vents obscure glazing options (Autumn, Stippolyte & Cotswold).

† Escape hinges are available on indicated windows including non locking handles.

Window and door formers use 75mm white PVCu 3-sided construction (brickties & snappers included)

Obscure glass*

All vents marked with a asterisk can be supplied with a choice of obscure glass pattern (3-5 denotes obscurity)

SCULPTURED
5 CHAMBER
PROFILE

CONCEALED GASKETS

Fully concealed gaskets eliminate the unsightly black rubber seals giving our window and door frames an unique clean look.

ASTRAGAL BAR

Our (fully sculptured) astragal bar adds traditional character & style to any window or door option.

5 CHAMBER PROFILE

Our (fully sculptured) externally beaded profiles offers increased insulation properties. Reinforced using galvanised steel to manufacturers specifications.

MOCK SASH HORNS

Emulate the character of yesteryear windows with our mock sash horns. These add individuality and style to any window.

WINDOW FORMERS

Quick installation of windows and doors. Not only are they a cavity closer, but they also eliminate the risk of thermal bridging.
