

Instructions: Perform the following tasks:

1. Compare and contrast immigration with emigration.
2. Make a timeline of population movement (by group) in and out of the state.
3. Compare and contrast Idaho's modern and historical populations. What do you think influenced where populations and groups went and settled historically? Make sure to consider land use, water, natural resources etc. What about the modern population? What is influencing today's immigration and emigration patterns in Idaho?
4. Where are you from? How far back do your Idaho roots go? Trace your own family's arrival into Idaho, and write a paragraph about it to share with your classmates.
