

3.3 Release Notes: Workspace Manager

This file contains developer release notes for the 3.2, 3.1, and 3.0 releases of Workspace Manager. There were no changes for Release 3.3. Since the majority of notes for Workspace Manager are user or administrator related, those notes have been moved to **/NextLibrary/Documentation/NextAdmin/ReleaseNotes/Workspace.rtf**.

Notes Specific to Release 3.2

Major bugs fixed for 3.2

- workspaceRequest's **selectFile:inFileViewerRootedAt:** method now is better behaved -- no more 15 second wait.
