

# Copy Font command

3PointRule.eps ↵

menupath1.eps ↵menupath2.eps ↵menupath3.eps ↵menupath4.eps ↵

Copies the font at the insertion point or at the beginning of the current selection so that you can apply it elsewhere with the Paste Font command.

Copy Font doesn't copy text, so it doesn't change the contents of the pasteboard.

1PointRule.eps ↵
