

Close Window command

3PointRule.eps ↵

menupath1.eps ↵menupath2.eps ↵menupath3.eps ↵

Closes the key window if it has a close button.

If you haven't saved the contents of the window, a panel asks if you want to save your changes.

This command does the same thing as the close button in the key window's title bar.

1PointRule.eps ↵
