Tethpub Znek :-)
e-mail: znek@zappa.ping.de

MiscKit

In order to compile the project you need at least MiscKit version 1.6.1. For further information contact:

Donald A. Yacktman, Jr.
2826 N. Elm Lane
Arlington Heights, IL 60004
USA
email: Don_Yacktman@byu.edu

Error Handling Kit

Comprises all Objects found in AMGErrorHandling.subproj and the binary of the error message compiler `emc.941618_TaskArrowSm.tiff`
↪ Legal Status: The error handling kit and the error message compiler *emc* are owned by AMG Industrie Consulting GmbH and permission is granted to use the objects and `emc` to compile `Alexandra.app`. You are not allowed to use these Objects or the error message compiler in other projects without written permission. For further information contact:

AMG Industrie Consulting GmbH
Joseph-von-Fraunhofer-StraÙe 27
44227 Dortmund
Germany
e-Mail: info@amg.de

XText

Comprises all Objects found in XText.subproj.

507107_TaskArrowSm.tiff ↯ Legal Status: ^aXText is freeware; you are welcome to use it, modify it, and distribute it without restriction (although I would appreciate having my name kept on it). It is copyrighted by my employer (Xerox), but only to prevent someone from claiming that it belongs to them.^o For further information contact:

Parse date

As found in parsedate.y. Originally written by Steven M. Bellovin (smb@research.att.com) while at the University of North Carolina at Chapel Hill. Later tweaked by a couple of people on Usenet. Completely overhauled by Rich \$alz (rsalz@osf.org) and Jim Berets (jberets@bbn.com) in August, 1990. Further revised (removed obsolete constructs and cleaned up timezone names) in August, 1991, by Rich. Paul Eggert (eggert@twinsun.com) helped in September, 1992. 633665_TaskArrowSm.tiff ↪ Legal Status: ^aThis code is in the public domain and has no copyright.^o

NXApp Examples

As found in NiftyMatrix and others. 615872_TaskArrowSm.tiff ↪ Legal Status: ^a NeXT Developer Support Team. You may freely copy,

distribute and reuse the code in this example. NeXT disclaims any warranty of any kind, expressed or implied, as to its fitness for any particular use.^a
