

# *While You Were Out*

An easy to use telephone message pad for your NeXT computer.

Just type the recipient's email address in the "To:" field, fill in the rest of the information and a time/date stamped note will be forwarded in electronic mail.

If you use WYWO, or have any comments, please send us email -- we can use all the encouragement we can get!

## BenaTong

We are committed to producing top-quality, inexpensive software & objects for the NeXT computer system. We are also concerned about our environment, so we only use electronic documentation (wn & rtf) and pass the savings on to our customers.
