660260_paste.tiff ↗ gad.eclipse.its.rpi.edu.tiff ↗ So far there's just me, Garance Alistair Drosehn.

I'm the president of the RPI NeXT User's Group, among other things. RPI stands for Rensselaer Polytechnic Institute, which is a college located in Troy, New York, USA. I work here at the Voorhees Computer Center, with the job title of ^aSystems Programmer^o.

I own quite a few music CD's, so I wanted to see if I could improve on the CDPlayer application that NeXT supplies as a demo program.
