## **INSTALLATION**

In the DinoDemo.zip file you can find a demo scene from Gruppo Iride's DinosaursRom CD, complete with Gallimimus object (in low quality version), brushes (low resolution versions) and walk scene.

To install this demo simply unzip the file in your preferred directory (C:\Newtek\Demos\ ...or others) then, in Lightwave, set your content directory to the Lightw directory (in our example the content will be C:\Newtek\Demos\Lightw\ ). Now you can load your demo scene.
